Tirol takes to the pis

The Austrian Tirol region has already seen some snow and the glacier ski resorts on the Stubai and Pitztal are now open, with Kaunertal and Sölden opening in last month.

And this winter will see the opening of the Ski Jewel, connecting the Alpbach and Wildschönau valleys, new hotels in St Anton, East Tirol and Kappl, as well as investment in infrastructure and new direct flights from Manchester to Innsbruck.

The opening of the Ski Jewel is the conclusion of 11 years' work to bring together the Alpbach and Wildschönau valleys, aleady well respected ski areas in their own right.

The Jewel will offer 145 km of pistes served by 47 lifts and, in conjunction with the existing Poeglbahn cable car from Inneralpbach, the new eight-person cable car to the Schatzberg, will see the region enter into the top ten of Tirolean ski centres.

The new Wildspitze cable car replaces Austria's highest ski lift, the Pitz Panorama gondola, to take skiers and boarders more than two km in under six minutes to an altitude of 3340m to the Hinterer Brunnenkogel.

At the top station is Austria's highest cafe, with breathtaking views of the Wildspitze at 3774m, the country's second highest mountain and more than 50 surrounding Pitztal mountains over 3000m. The skiing area of Osttirol is less well-known to Brits and as an exclave of Tirol, shares no border with the main state.

Home to the Hohe Tauern National Park with the largest ski area being the Großglockner Resort Kals-Matrei with 110km of pistes, the region this winter welcomes the opening of a new resort, the four-star Gradonna Mountain Resort.

Situated in an enviable position at the bottom of the slopes, the complex offers superb views of the GroÃŸglockner, Austria's highest mountain. Opening in December, the hotel brings together contemporary design with tradition - bedrooms are made of Zirben, a stone pine renowned for its therapeutic properties which should ensure guests get a good night's sleep ready to hit the slopes in the morning!

ste for winter season

Kappl is situated along the Paznaun valley and is located just before more famous big brother, Ischgl. The resort steps up a gear this season with the opening of the Zhero Fashion Hotel, offering 60 luxurious rooms, nine suites and five penthouse suites as well as a large spa, beauty and fitness centre.

St Anton am Arlberg led the way last season with the opening of new hotels and this winter sees the addition of the four-star Anthony's Life & Style Hotel to the list of luxurious options on offer. Meanwhile, Inghams has a stylish new mountain lodge complex and specialist ski company VIP SKI has added St Anton for winter 2012-13 for the first time.

Ski Club Freshtracks has introduced an Austrian Off Piste Weekend in one of the best-kept secrets of the Tirol, Fieberbrunn which is famed for hosting the Swatch Freeride World Tour in and boasts some of the best snow records in the Kitzbuheler Alps.

And Neilson is launching a range of Snow Skills freestyle courses for adults and teenagers at the Vans Penken Snow Park in Mayrhofen, which was last year voted the best park in Europe.

Crystal Ski offers free lift pass for children up to 15 in all resorts of the Ski Welt (Söll, Ellmau, Scheffau, Westendorf and Hopfgarten) and a new flight from Liverpool to Salzburg for resorts in the east of Tirol.

Last but not least, Monarch Airlines has announced several new winter routes, direct from Manchester to Innsbruck three times a week from December 13. The airline will also fly to Munich from Leeds-Bradford and Birmingham, serving the entire Tirol region, while a new service from Birmingham to Friedrichshafen allows convenient access to the resorts in the west, including the Arlberg region and the Ischgl- Paznaun valley.

Lasting Powers of Attorney

Providing you with peace of mind

A Lasting Power of Attorney is a legal document that enables you to appoint the people you want to deal with your affairs and make decisions on your behalf when you are no longer able to. We spoke to Mark Duckworth, Head of Wills, Trusts and Estates at Lees Solicitors, West Kirby office, about Lasting Powers of Attorney (LPA). Mark explained "there are two types of LPA. These are a property and affairs LPA to deal with your property and finances, eg your bank accounts, investments and your home. And secondly a health and welfare LPA which allows your attorneys to make medical and care decisions on your behalf when you are not able to."

Mark advised that anyone can be appointed as your attorney, and it is normal to appoint family. If you prefer you can appoint one of the Partners at Lees. It is important that you trust your attorneys as they are given wide powers with regards to your affairs. Appointing two or more attorneys ensures that the LPA can continue to be used in the event that one of your attorneys is no longer able to act.

If you have not made an LPA and you lose capacity to make a financial decision, then it may be necessary for an application to be made to the Court of Protection for an appropriate order. This would include appointing another person to make decisions on your behalf.

Making a Lasting Power of Attorney gives you peace of mind and ensures that your best interests are looked after.

Mark Duckworth - Lees Solicitors

With offices across the Wirral including West Kirby, Heswall and Birkenhead, and out of hours and Saturday appointments available, Lees really do make it as easy as possible. The Wills, Trusts and Estates team offer a free half hour consultation and are even available to see you in the comfort of your own home.

don't rely on good fortune to protect your loved ones

One of the most important things we can do is to plan for our own futures, to ensure that we protect the futures of those we love after we are gone.

If you are thinking about planning for the future, it is important you choose a lawyer who not only knows about Wills or Trusts but understands exactly what you and your family need. The knowledge and expertise at Lees allows us to offer a wide range of services that we can tailor to suit you.

And we are flexible, meeting you at our offices or at a time that suits you in the comfort of your own home. To take control of your future call us today or visit **www.lees.co.uk**.

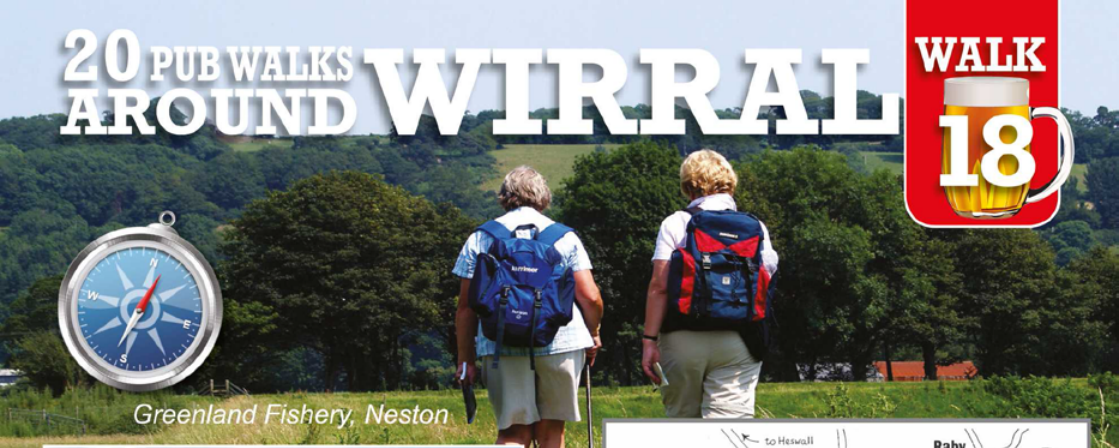
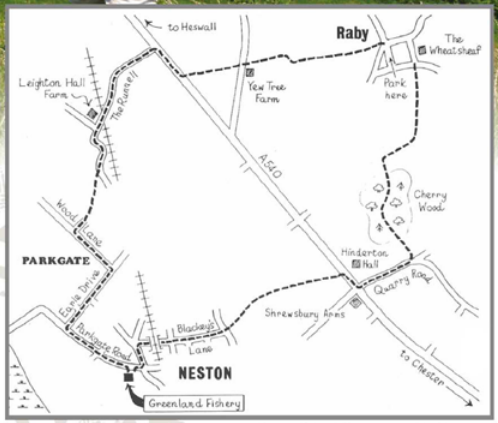
WALK 18



Greenland Fishery, Neston



Map and pictures produced by kind permission of Derek Young. "Pictures from the Past".

Raby - Cherry Wood - Hinderton - Neston - Wood Lane - The Runnell - Raby. Parking in the crossway in Raby Village.
Walking distance (7 miles).

A lovely walk through quiet byways and footpaths with beautiful views over the Welsh Hills and the River Dee.

With the Wheatsheaf Inn on your left, continue forward past Jassomins Cottage to enter a grassy lane. After passing two large fields on your right you will arrive at two gates, turn right here and continue along a track until you reach two stone pillars - on old gateway remains. Now your way is to the left into Cherry Wood, one of Wirral's beauty spots. Continue along this well defined path for about 10 minutes until you reach a stile. Enter the field, turn left, keeping the hedge on your left moving forwards to reach a bachelor gate leading into Quarry Road.

Your direction is now to the right, just past the stone water tower you will reach the crossroads at the Hinderton Arms. Turn right for a short distance until reaching Hinderton Hall on your right.

Cross the road and make for a signpost marked "Blackey's Lane 3/4 mile" and the remains of a small gate. Here you enter a well-trodden path that runs between wire and hedge and brings you to Neston. At the bottom of the lane, continue forward, crossing Rabypark Road, walk under the railway bridge and continue forward to the top of Raby Road. Here your way is left for a short time and when you reach Neston Cross, look right for the Greenland Fisher Inn.

Neston was the largest and most important town in Wirral in 1801. The ruins of the New Quay on the shore of the Dee at Neston are a reminder of the time when the place was an important harbour, market town and coaching station. Inns and lodging houses prospered, travellers often had to spend many days, even weeks at a time, waiting for favourable weather before a voyage could be attempted.

On leaving the pub, turn left into Parkgate Road. After walking for some 10 minutes turn right into tree-lined Earle Drive. Walk along this road until you reach Wood Lane, turn left into this lovely quiet lane, passing some houses on both sides, quite soon you reach open fields on the left hand side and some lovely views of the Clwydian Hills, Moel Famau being the it's most conspicuous peak.

After 5 minutes or so you will reach a footpath leading off to the left into Parkgate. Disregard this and continue forward until you reach a lane on the right. Turn here and follow this short lane until you reach a narrow path with a bachelor gate. Enter the field ahead, keeping a straight course to reach a further bachelor gate, leading into a lane. Keep left now and after walking for a few minutes you will arrive at Leighton Hall Farm, here you take the right fork signposted "Thornton Hough" to enter The Runnell. This lane winds uphill, crosses the Birkenhead - Wrexham railway and brings you to the Chester High Road (A540).

Turn right here and after about 1/4 mile look into the trees on the left of the road for a signpost pointing the way to Neston road. (In summer this sign can easily be missed by the surrounding foliage). Cross the one-step stile and enter a track that will bring you to a high sandstone wall.

Cross this, using the steps in the wall, to reach the Neston road. Go straight across, passing Yew Tree Farm and continue along the track ahead, a grassy byway which runs for over half a mile, to bring you to a gate leading to Raby Village.

Avoid stress and financial penalties by filing your tax return early, urges local tax specialist.

Small businesses across the Wirral are being urged to file their self assessment tax returns early to avoid costly disappointment.

Gary Jacks who runs TaxAssist Accountants in Moreton, Ellesmere Port, Queensferry and Chester said: "Local businesses must submit their online tax returns by January 31st or face an on the spot penalty of £100 for filing even a day late, even if they have no tax to pay or have paid the tax they owe.

"Filing early doesn't mean you have to pay any tax due early, but if you are due a refund, HMRC will return this to you sooner. Make sure it's you that earns the interest on any tax refunds, not the taxman."

"We see small businesses either rushed off their feet or winding down throughout the Christmas and New Year period, which is why small businesses across the Wirral should get their tax returns in order early to avoid unnecessary fines."

Gary Jacks reminded local business owners that the £100 late payment penalty is now automatic and would not be reduced, even if they paid their tax on time. Returns which were three months late faced an additional £10 a day penalty up to a maximum of £900 and even harsher penalties applied if they were filed more than six months late.

Local accountants expand into Moreton

Small business champion Gary Jacks is expanding into Moreton, opening a new high-profile TaxAssist Accountants on Hoylake Road in the town to provide tax and accountancy support for the local business community.

Gary set up TaxAssist Accountants in Ellesmere Port in 2006, before expanding into Chester in 2008 and Queensferry in 2011 and, in response to growing demand from existing small businesses and new businesses starting up in Moreton, he decided the time was right to open a fourth office.

Gary commented: "I was born and bred on the Wirral, so I am delighted to be opening an office here to support the small business community. Moreton has a thriving community of tradesmen and women, independent retailers and small manufacturers; I knew that there was a definite niche to be filled in the area and have had a very positive response from local businesses so far."

The 11-strong team looks after the tax and accountancy needs of more than 800 small businesses across Cheshire and the Wirral. They are looking to recruit an additional experienced accountant early next year.

TaxAssist Accountants in Chester, Ellesmere Port, Moreton and Queensferry is a local business, providing tax and accountancy advice and services purely to small businesses across Cheshire and the Wirral.

Port Sunlight
museum & garden village

Port Sunlight Residents at Work, Rest & Play.

Amateur Athletics on the Pool Bank enclosure, Port Sunlight c1904

Port Sunlight is one of the finest surviving examples of industrial garden villages in the country. It was founded in 1888 by William Hesketh Lever (later to become the first Viscount Leverhulme) to house the employees of his Lever Brothers soap works.

The village was turned from an insanitary marshland into a thriving, healthy community within 20 years, and by the time of Viscount Leverhulme's death in 1925 there were over 800 houses in the village.

This article touches briefly on the village at play, and the beneficial effects it had upon the health of its inhabitants in the early years of the 20th century.

Recreation

It was said that Sunlighters worked hard and played hard, and sport and recreation formed a key part of the social life in the village. In 1909 there were 28 clubs and societies in the village, with around 2,500 members. Coupled with a green and spacious environment, Lever and the company provided a wealth of opportunities and social amenities for the new residents. Contrary to popular belief a big stick was never wielded - the majority of the clubs and societies were self-supporting, and this created a healthy competitive atmosphere with keen competition amongst the club secretaries to secure new members - each secretary believing their club was the most vigorous and promising!

The number of clubs proliferated as time went by, especially in the years immediately following the First World War when employment at the factory was at its peak, and into the 1950's there was 34 clubs with over 6,500 members.

Health

Writer W. L. George compiled a social survey of the village in 1909, and remarked, 'The Sunlighter believes fervently in the gospel of soap and water for both himself and his house. The secret was revealed to me by an artisan's wife who remembered but too well the "Scotland" division of Liverpool: "the houses are respectable, so we keep ourselves respectable". In that sentence is summed up the housing problem'.

Port Sunlight compared very favourably with other parts of the country with regards to death rates, birth rates and infant mortality. When compared with the nearest industrial city, Port Sunlight's death rate and infant mortality rates per 1000 people were half that of Liverpool. Open spaces, regular employment, and good housing also made

for a relatively prosperous and contented community, and many settled down early to raise large families.

Like any community though, Port Sunlight would face challenges both internal and external over the course of the century and in 2014 Port Sunlight Museum will look into residents moving into the village in the 1950's and find out what life was like, how they built a strong community and lasting spirit that has stood the test of time.

This theme will run into forthcoming 125th anniversary exhibitions within Port Sunlight Museum and will share more stories about this unique village and the people that lived in Port Sunlight.

If you have stories to tell Port Sunlight Museum, they would be delighted to hear from you. Contact: **Stuart Irwin,** *Collections and Research Officer for Port Sunlight Village Trust*, call **0151 644 4802.**

BUTTER CHICKEN CURRY

This is a quick recipe, but gives the impression of being complicated because of the lovely, rich flavours.

Serves 2 people

INGREDIENTS

- 2 tsp ground ginger
- 2 tsp chilli powder
- 2 tsp cumin seeds
- 1 clove of garlic
- 2 tsp ground cardamom
- 1 tbsp garam masala powder
- 2 tbsp tomato paste
- 4 tbsp natural yogurt
- Dash of double cream
- 2 diced chicken breasts
- 30g salted butter
- 2 tbsp oil
- 2 finely chopped onions
- A few bay leaves

METHOD

1. Mix the garlic and all the spices, other than the bay leaves, together in a bowl and add the tomato paste, yogurt and cream. (If there is no cream in the fridge a teaspoon of cornflour will do the same job).
2. Add the chicken to the spice mixture, making sure it is coated thoroughly.
3. In a high sided frying pan or medium sized saucepan on medium heat melt the butter and add the oil and finely chopped onions.
4. Fry the chicken in the same pan and once it is lightly browned, scrape the rest of the spice mixture into the pan and add the bay leaves and enough water to bring together all the ingredients into a sauce.
5. Mix well until smooth and serve with rice.

Almond Chocolate Pudding

This delicious cake-style pudding uses no flour, and is thereforesuitable for those on gluten-free diets. The almonds give a lovely texture, as well as bags of flavour.

Serves 10 people

INGREDIENTS

200g high-quality plain chocolate,
125g butter, softened
125g caster sugar
4 eggs, separated
200g almonds, peeled and finely ground
icing sugar for dusting

METHOD

1. Preheat the oven to 180C/Gas Mark 4.
2. On the hob, bring a pan of water to a simmer on a medium heat.
3. Break the chocolate into pieces and place in a heat-proof bowl. Set the bowl over the pan of water and gently melt the chocolate, stirring frequently. Set aside when melted.
4. In another bowl, cream together the butter and sugar to a light and fluffy mixture. Add the egg yolks, almonds and melted chocolate. Combine thoroughly.
5. In another bowl, whisk together the egg whites until stiff peaks are formed. Add to the chocolate mix and gently fold in with a wooden spoon.
6. Transfer the mixture to a 20cm cake tin then bake in the oven for approximately 20 minutes.
7. When cooked, remove from the oven and cool in the tin for a further 20 minutes, dust through a sieve with the icing sugar to decorate, then slice and serve.

DID YOU KNOW?

1. The first location in the world to welcome each New Year is Kiritimati, also known as Christmas Island, in the Pacific Ocean.
2. In India, each religious group has its own date for the beginning of the new year.
3. In Russia, many families give presents on New Year's Day, and some even have New Year's trees rather than Christmas trees.
4. Brazil's Ano Novo (or New Year) is one of the main holidays in the country, and people dress in white to bring good luck for the new year. Some would say that the world's best New Year's fireworks can be seen at Copacabana beach in Rio de Janeiro.
5. Many cultures celebrate their New Year on a different day from January 1. China celebrates the Lunar New Year, and it's known as Spring Festival. It begins on the second new moon after the winter solstice on the Chinese calendar.
6. How to say Happy New Year in a few languages.

   Afrikaans: .....Gelukkige nuwe jaar
   Czechoslovakia:.....Scastny Novy Rok
   Dutch:.....Gelukkig Nieuwjaar
   French:.....Bonne Annee
   German:.....Prosit Neujahr
   Greek:.....Kenourios Chronos
   Hindi:.....Subh Nab Bars
   Irish:.....Bliain nua fe mhaise dhuit
   Mandarin:.....Xin nian kuai le
   Norwegian:.....Godt Nyttar
   Portuguese:.....Feliz Ano Novo
   Russian:.....S Novim Godom
   Spanish:.....Feliz Ano Nuevo
   Thai:.....Sawadee Pee Mai

7. Auld Lang Syne is sung at midnight to toast in the New Year. The song was composed by Robert Burns sometimes in the 1700's. The term means "old long ago" or "the good old days."
8. Stats of the first New York ball: 700 pounds; 5 feet in diameter. The ball was made from wood and iron.
9. The modern ball that is dropped is made from Waterford Crystal and weights over 1,000 pounds. There are over 9,000 LED lights, but uses hardly any energy. The ball begins to drop at 11:59 and completes the journey exactly at midnight to ring in the New Year.
10. The ball was not lowered in 1942 and 1943 due to wartime restrictions.
11. On New Year's Eve, about 75% of American Parties are with 20 people or less.
12. The Spanish ritual on New Year's eve is to eat twelve grapes at midnight. The tradition is meant to secure twelve happy months in the coming year.

13. Black-eyed peas (usually with ham) are often consumed in certain parts of the United States. These are thought to bring good fortune in cultures around the world, not just in the U.S.
14. The Roman calendar was changed over and over again each time a new emperor took charge until it eventually did not match the Sun's patterns. It took an official act of the Roman Senate to dictate that January 1 would be the beginning of the New Year.
15. Resolutions are popular pastimes to make for each New Year. Friends often sit around and discuss or share these resolutions with each other on New Year's Eve. In ancient Babylonia, one common resolution was to return any farm equipment borrowed from friends or neighbors.
16. In Italy, people wear red underwear on New Year's Day as a symbol of good luck for the upcoming year.
17. Throughout the year, visitors to Times Square in New York City write their new year's wishes on pieces of official Times Square New Year's Eve confetti. At the end of the year, the wishes are collected and added to the one ton of confetti that showers the crowd gathered in Times Square in celebration of the New Year.
18. Noise making and fireworks on New Year's Eve is believed to have originated in ancient times, when noise and fire were thought to dispel evil spirits and bring good luck.
19. It is often thought that the first visitors you see after ringing in the New Year would bring you good or bad luck, depending on who you keep as friends and enemies. That's why most people celebrating on New Year's Eve often do so with friends and family.
20. The Chinese New Year for 2014 is on January 31 and marks the start of the Year of the Horse.

Top New Year Resolutions!

Ok! it's that time of year again...

We have all over indulged at Christmas and New Year and want to shed a few or even a few hundred unwanted pounds !!!

Well, don't despair you don't have to sew your mouth shut or put a padlock on the fridge just yet. I'm going to list a few of what I think are the best tips to help you get rid of some of some unwanted fat and keep it off!

1. STOP SMOKING

If you have resolved to make 2014 the year that you stamp out your smoking habit, over-the-counter availability of nicotine replacement therapy now provides easier access to proven quit-smoking aids. Another successful alternative is through a Therapy Clinic, **Hypnosis** is 100% natural. No artificial ingredients. Thousands have been successful and you can too. ***IT CAN AND IT WILL WORK FOR YOU.*** Even if you've tried to quit before and failed, don't let it get you down. On average, smokers try about four times before they quit for good. Start enjoying the rest of your smoke-free life - **STAMP IT OUT**!

2. GET FIT IN 2014

The evidence is in for fitness. Regular exercise has been associated with more health benefits than anything else known to man. Studies show that it reduces the risk of some cancers, increases longevity, helps achieve and maintain weight loss, enhances mood, lowers blood pressure, and even improves arthritis. In short, exercise keeps you healthy and makes you look and feel better. Why not make this the time to start getting in shape with one of our popular Pub Walks (see previous editions online for routes), Runs or Rides!

3. ENJOY LIFE MORE

Given the hectic, stressful lifestyles of adults, it is no wonder that **"enjoying life more"** has become a popular resolution in recent years. It's an important step to a happier and healthier you! Get out and try something new! Take up a new hobby. Go to a theatre performance, or head to the local spa. **Wirral** offers a wealth of artistic and recreational activities to meet just about anyone's wishes. See ARK Jewellery for a workshop date.

4. TAME THE BULGE

Over 66 percent of adults in the UK are considered overweight or obese by recent studies, so it is not surprising to find that weight loss is one of the most popular New Year's resolutions. Get rid of all the ***"junk food"*** in your kitchen! I know I'm starting with a strong one here, but seriously this will help, if it's **out of sight it's out of mind!**

5. CUT DOWN OR QUIT DRINKING ALCOHOL

While many people use the New Year as an incentive to finally stop drinking, most are not equipped to make such a drastic lifestyle change all at once. Many heavy drinkers fail to quit cold turkey but do much better when they taper gradually, or even learn to moderate their drinking. If you have decided that you want to stop drinking, there is a world of help and support available.

6. GET OUT OF DEBT

Was money a big source of stress in your life last year? Join the millions of us who have resolved to spend this year getting a hold on our finances. It's a promise that will repay itself many times over in the year ahead.

7. LEARN SOMETHING NEW

Have you vowed to make this year the year to learn something new? Perhaps you are considering a career change, want to learn a new language, or just how to fix your computer? Whether you take a course or read a book, you'll find education to be one of the easiest, most motivating and rewarding New Year's resolutions to keep. **And finally....**

8. HELP OTHERS

A popular, non-selfish New Year's resolution, volunteerism can take many forms. Whether you choose to spend time helping out at your local library, mentoring a child, or building a house, there are many non-profit volunteer organizations that could really use your help.

The last thing I'm going to leave you with is whatever you do, stick at it! It's going to be hard at first but it will be extremely worth it in the long run when you look back and see what you have achieved.

PLEASE SUPPORT LOCAL CHARITIES

This page is dedicated **FREE** to all registered Charities who wish to advertise.

Multiple Sclerosis Society Wirral Branch

Welcome to the Wirral branch of the MS Society. We are open to everyone affected by MS or similar neurological conditions as well as their carers and partners.

Many people who are less mobile face the challenge of how to exercise to maintain good health and general wellbeing. Exercise stimulates blood circulation in your limbs and helps maintain fitness.

We offer therapies four days a week in addition to social events and outings. The therapies are described in more detail in this leaflet.

In addition we offer:

- **Home physiotherapy**
- **Confidential welfare advice & support**
- **Minibus transport**
- **Social events and lunches**
- **Fundraising fun days**
- **Information point covering medical aspects of MS, social service support etc**
- **Branch newsletter 'In Touch'**
- **Local Branch helpline:**

07833 051707

If you wish to participate in any of our activities just turn up or have a chat with **Berni Gallagher** our **Lead Support Volunteer**. **Berni** can be contacted on **07833 051707**.

Wirral Fund for Children with Special Needs

Registered charity number 518771

This Wirral based charity provides regular grants to children in need that reside in the area served by Wirral Health Authority, who are currently receiving medical attention of any description.

For over 27 years the Fund committee, served by both community volunteers and health professionals, has aimed to improve the lives of special needs children by providing grants for essential medical, care or play equipment for home use, occupational therapy and other support.

The charity holds fundraising events and is grateful to a number of Clubs and organisations such as Rotary for regular vital donations but would welcome further support.

If you can help, please contact
www.wfcsn.org email: enquiries@wfcsn.org

CHARITY'S COMING OF AGE

A Wirral Area Manager who has been working for award-winning charity Alternative Futures Group since it was founded 21 years ago is now helping the organisation celebrate this latest milestone.

Keith Ley is an Area Manager for Wirral and has been helping AFG provide person-centred support to adults with learning and physical disabilities since the charity was set up in 1992.

More information can be found by visiting www.alternativefuturesgroup.org.uk or by visiting our Facebook page, 'AFG Support'. You can also follow us on Twitter @AFGSupport

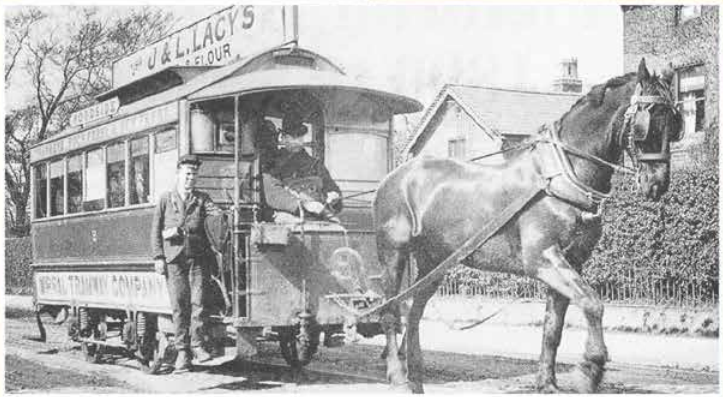
*Above: 1896. This panoramic view of **Hoylake** was taken a few years before the promenade was built. Trinity Road is to the left of the mast on the left. The Lower and Upper Lighthouses can be seen to the right with the old Lifeboat House on the extreme right. This was replaced in 1899 with the present one.*

*Right: 1938. The four men - one up a ladder and the other three men on the roof are demolishing the original **Railway Inn**, Birkenhead Road, **Meols**. This was after the new one had been opened on the 1st December 1938 behind the old site which now forms part of the car park. The first inhabitants of the new pub were a family of owls who gave the local residents a disturbed night.*

*Far Right: **Hoylake** Lower Lighthouse in 1905. The lighthouse last shone in 1908 and was demolished in December 1922.*

*Right: This **Wirral** Tramways Co. Ltd horse drawn car No. 9 along with No. 8 commenced service in 1879. They were built by the Starbuck Car and Wagon Co Ltd of Cleveland Street **Birkenhead** for use on their Birkenhead to New Ferry line.*
They were finally auctioned in January 1901 for use as sheds or shelters.



*Left: 1915. Taken from the 'Donkey Stand' the horse and carriage on the left on the parade **Parkgate** must have belonged to one of the local dignitaries as the coach-man has a top hat. Mostyn House School is seen in the background and a landing stage for small boats is seen on the right.*

Right: Banks Road West Kirby is pictured in 1906 with Dee Lane in the distance and The Cresent off to the right of the Cafe sign. Further to the right are the single storey shops of Quellyn Robert's now Lingham's Bookshop. These shops were built in the garden of the first house and others have subsequently been built in the gardens of the houses on the right.

*Left: Bathers and sun bathersare enjoying the sun at Parkgate Baths. Originally built for Mostyn House School **Parkgate** in 1923 but opened to the public.*
Mr EG Grenfell sold the baths in 1939 and used the money to build air raid shelters under the school. They closed in 1942 and opened for a few years after the war finally closing c.1950.

*Right: 1920. The Bull and Dog Inn **Little Neston**, which was very popular with the miners from the local colliery, dated back to at least 1822 when John Sutton was the victualler. The **Birkenhead** Brewery dray No. 24 is seen outside the inn and the name on the outside of the building confirms it was known as the Bull & Dog Inn by 1923. Originally known as just The Bull Inn.*
It has since been converted into two private houses.
