HOLIDAY DESTINATIONS

NAPLES

WITH BARCELONA STAY

Romantic Naples, just two hours south of Rome, is the largest city in southern Italy. It has some of the world's best opera houses and theatres, and is often called an open-air museum, because of its many historic statues and monuments. Join families on promenade as the sun sets on the Bay of Naples. View finds from Pompeii and Herculaneum, destroyed by Mount Vesuvius in A.D. 79, at the Museo Archeologico Nazionale or revel in the art and architecture of Museo Capella Sansevero, built in the late 1500s.

Visiting a city such as Naples means, of course, a diverse schedule of sightseeing; exploring its museums, art galleries, and nicest streets for strolling. While a week would do this phenomenal city more justice, one day is still enough to get lost in the alleys of its Spanish quarters (and observe the genuine life of the Neapolitans), enjoy a fantastic pizza, and relax in a prestigious coffee spot such as Gambrius. Be prepared to get up very early and put on your running shoes!

Naples has very good public transportation and lots of traffic problems so it's best to avoid having a car. The city has a large but crowded bus network, trams, a subway, funiculars, and a suburban train line, the Ferrovia Circumvesuviana, that will get you to Herculaneum, Pompeii, and Sorrento.

Pizza, one of Italy's most famous foods, originated in Naples and pizza is taken very seriously here. You'll find lots of great pizza places

but be sure you look for one with a wood-burning oven!

Eggplant Parmesan originated in Naples and spaghetti also became popular in Naples, try it with clams or mussels. Seafood is abundant and very good in Naples.

Naples gets quite hot in summer so spring and fall are probably the best times to visit. Since Naples is near the coast, it's more temperate in winter than interior cities of Italy.

As you are only in Naples for 1 whole day from the ship, enjoy the other great places such as your stay in Barcelona.

See the best of Barcelona on a private sightseeing tour, which offers a comprehensive view of this exquisite Catalan city and includes skip-the-line access at La Sagrada Familia, a popular attraction that often has long lines. Perfect for first-time visitors, the tour will show you the city's most iconic sights and allow you to discover some of Barcelona's best-kept secrets. You'll also visit the hill of Montjuïc and the Gothic Quarter, and you can upgrade to the full-day tour to include visits to Park Guell and La Pedrera. Accompanied by your own private guide, you'll enjoy personalized attention on this special private tour.

Barcelona's architectural treasures span 2000-plus years. Towering temple columns, ancient city walls and subterranean stone corridors provide a window into Roman-era Barcino. Fast forward a thousand years to the Middle Ages by taking a stroll through the shadowy lanes

of the Gothic quarter, past tranquil plazas and soaring 14th-century cathedrals. In other parts of town bloom the sculptural masterpieces of Modernisme, a mix of ingenious and whimsical creations by Gaudí and his Catalan architectural contemporaries. Barcelona has also long inspired artists, including Salvador Dalí, Pablo Picasso and Joan Miró, whose works are in bold display in the city's myriad museums.

Barcelona is an enchanting seaside city with boundless culture, fabled architecture, and a world-class drinking and dining scene.

Being a doula is about informing, supporting, nurturing, loving, guiding, reassuring and putting parents back in control of their own pregnancy, birth and beyond.

If you want to feel calm and in control, empowered, listened to and reduce the need for medication, intervention and induction; if you want use my 25 years of skills and knowledge to help you harness the birth and postnatal experience you deserve, please get in touch.

I would love to hear from you.

Sally

How we give birth matters - and not just for the day itself. An empowering, confident start can have a lifelong impact on the physical and emotional health of both mum and baby.

Evidence shows having doula support can:

- shorten labour by up to two hours
- reduce the need for medication by creating a trusting environment
- decrease the risk of postnatal depression
- reduce the likelihood of having a caesarean section by 50%!

Hypnobirthing is increasing in popularity. Helping you:

- stay calm and in control of your labour
- reduce fear and create a calm and peaceful environment
- reduce adrenaline
- increase oxytocin and endorphins
- reduce discomfort, leading to a less painful birthing experience.

With this power, a labouring woman will rise to the challenge that is childbirth.

I have been working with women and their families for over 25 years as a community nursery nurse, midwife and health visitor, hearing and being involved in positive, loving stories about birth and beyond, but more often than that I hear the other side. The "failure to progress," the "emergency caesarean," and the "I wasn't allowed." I often feel frustrated on talking to women who have had their baby and hear the words...."I wish I had been more prepared" "I wish I had known I could have done that" "I felt out of control" "No one seemed to listen to us" "I didn't think it would be like this after I had the baby!"

As a doula and hypnobirthing practitioner I seek out strategies, am trained in comfort measures and skilled in helping women find their own movement and positions in birth. I understand the importance of the love hormone oxytocin and will do everything in my power to ensure it flows. Enhancing the production of oxytocin means fear and anxiety are reduced and endorphins are simply allowed to build to match the intensity of the sensations experienced in childbirth. I have a wealth of knowledge, information and links to help you and your partner's confidence throughout the whole birthing experience.

Suzuki Ignis 1.2 SHVS SZ5

Suzuki Ignis
1.2 SHVS SZ5

I'm going to start by saying 'why is it still snowing'. We are now into March, but it's still freezing. And, as I write, the snow is still falling faster than I can remove it from my footpath.

Of course, I have children, so the snow is a good thing for them because of the fun factor. For me though, I'm very happy sitting in the warm watching them play until I hear, 'dad, come and have a snowball fight'. That's when it all goes a bit fuzzy, because I know I will be the one getting pounded with snowballs just for fun!. Saying that this weeks review of the Suzuki Ignis is right on target because its a 4x4, meaning the snow can come down as hard as it likes and the Ignis will just keep plodding on.

So if it's snowing by you right now, then I suggest you nip down to your local Suzuki dealer and ask for a demo.

Talk about being in the right car at the right time.

Power and Efficiency:

The Ignis is powered by a four-cylinder Dualjet petrol engine that produces 90ps at 6000rpm and 120Nm at 4400rpm. 0 to 62 mph is dealt with in 11.5 seconds - moving onto a top speed of around 103 mph.

The official fuel economy figures from Suzuki are; 60.1 mpg (combined) with a CO2 rating of 106 g/km - although the best I could get was around 50mpg, but then I was not really trying to get near what Suzuki had said was possible.

On the road:

I like the way the little Ignis handles - but I do feel the suspension is a little bouncy - saying that, when the road gets twisty - it is more than capable of holding its own thanks to a good balance of chassis and suspension. When you think about it, it actually performs rather well and I was really impressed by this. Of course, this

means it gives you a lot of confidence into the corners, which in turn makes it quite the drive. Also, when the road gets twisty – you have that wonderful Suzuki ALLGRIP 4-wheel drive system keeping you formally in check. Yes, you heard that correctly, a 4-wheel drive system that does a very nice job indeed of keeping you glued to the tarmac with no muddy fields involved whatsoever.

Design & Technology:

My test car was fitted with decent seating and clever interior accents, which lifts even the most boring of interiors – Not that the inside is boring, but you do sense that the Ignis was set out to be more practical than luxurious. Saying that it's quite plush and all the dials and controls are easy to use. But, and its a small one, some of the plastics on the inside could have been better quality.

Space – well let's just say for a small car it has bags of it - along with a decent driving position and plenty of room in the back for most adults to sit in reasonable comfort. The boot is also pretty good, with max luggage capacity coming in around 1,086 litres.

Some of the standard features fitted to my test

vehicle included; LED daytime running lights, LED projector headlamps, ALLGRIP 4-wheel drive system, DAB digital radio with 4 speakers, USB, Bluetooth and iPod, driver and passenger front, side and curtain airbags, ABS with EBD, Electronic Stability Program, Hill Hold Control and Hill Descent, automatic headlights, automatic air conditioning, 16" alloy wheels, cruise control with speed limiter and rear parking camera.

To sum up:

Suzuki has done a fantastic job here - and I expect the Ignis to do well as a feature-packed supermini that doesn't cost the earth.

20 PUB WALKS AROUND WIRRAL

The Greave Dunning, Greasby

Irby - Harrock Wood - Limbo Lane - Irbymill Hill - Greasby - Frankby - Royden Park - Thurstaston Common - Irby Park at Roslin Road in Irby Village.

Walking distance (5 miles).

Leaving the car park, cross Thingwall Road, turn right and after 50 yards you will see a signpost to Lower Pensby. The footpath leads you past Yew Tree Farm to a step-stile. Cross over and bear left along a grassy track, keeping the hedge on your left, to cross 2 fields. Go through an iron gate and down sandstone steps turning left at the bottom into a woodland valley through which runs a small stream. This is Harrock Wood, a National Trust property. There is a well trodden track which winds it's way through the trees to meet Thingwall Road. Cross this road diagonally right to reach the entrance to an ancient bridle pathway called Limbo Lane - this once separated the parishes of Woodchurch and Thurstaston but belonging to neither! The lane continues in almost a straight line for about a mile, ending at Arrowe Brook Lane. Here you need to turn left and shortly you will arrive at Irbymill Hill.

The area takes its name from this mill, which was demolished in 1898 as it was in a dangerous condition. The view from this point is far reaching all around! You need to travel to the right, along Mill Lane, for about 15 minutes until you arrive at Greasby crossroads. The Greave Dunning Inn is reached by crossing Greasby Road.

There is an iron cross standing on the roadside near the cross roads, this replaced an ancient stone cross which stood on the village green. The remains of the old cross were cleared away and the iron one erected by Lord of the Manor, John L Shaw - his initials and date of 1862 are still visible. The cross is not in its original position now, but during the last century was used as a 'hiring cross'. Labourers requiring work would gather at the cross on a day in April, to be employed for the following year by local farmers. Wages would be agreed and the bargain sealed by the labourer accepting a shilling (5p) and a pint of beer!

The Greave Dunning is a modern inn built in the Georgian style inside the shell of an old farmhouse and barn. The name evokes the memory of Dunning, who was Greasby's overlord 900 years ago.

Leave the inn by the front door and turn right into Greasby Road.

Map and pictures produced by kind permission of Derek Young. "Pictures from the Past".

You will pass Frankby Road, keep going forward for a few minutes and you reach Frankby Village. The village - grouped around The Green has an old post office and some well preserved 18th century houses and farms. When you arrive at the entrance gates to Frankby Cemetery, turn left into Hill Bark Road and walk for about 1/4 mile, this brings you to the crossroads and the entrance to Royden Park. Walk forward into the drive, reaching the car park and continuing on a straight course along the drive leading to Hill Bark, about 50 yards after the car park area, turn left and join the path which leads to Thurstaston Common.

This path takes you along the right side of the camping field, bringing you to a sandstone wall. Go over the steps in the wall - or round to the end - and continue straight ahead, along a sandy track through the trees. Shortly you come to a wooden gate and stile and here you continue across Thurstaston Common. Pass Bentley Farm and keep forward for about 100 yards. At this point, leave the broad farm-track and bear right to reach a narrow footpath which leads you through the trees to a wooden step-stile where you reach the end of School Lane. Go straight across and reach a sandy track which passes to the right of Dawpool School and leads you to the busy A540. Here you go to the left and beyond the Cottage Loaf Restaurant, you reach the crossroads. Cross Thurstaston Road to Hill Farm. Here a signpost directs you through the farm buildings and across the fields to Irby.

Summer Gardening Tips

Summer - the time for recreation and holidays. But before you leave for your summer holidays, we have a couple of tips on what to do in your midsummer garden.

CUTTING STRONG GROWING HEDGES

To make sure that hedges grow densely and evenly, they should be cut several times a year. After the main breeding period of birds from March to late July, you can start cutting your hedges again.

SHAPE YOUR BOXWOODS

To preserve the details of boxwood trees or bushes which were cut in shape, you should now cut back your boxwoods and other evergreens. For perfect shapes you can create templates from cardboard.

PRUNING LAVENDER

When lavender has mostly finished flowering, the shoots should be reduced approximately by one third. This prevents the lavender plants from investing too much energy into seed production. The following year, your lavender will be back with a strong bloom.

REMOVE DEAD FLOWERS

Removing wilted flowers is not only done for aesthetic reasons, but also supports the formation of new flowering shoots. The plant can concentrate its power to the fresh flowers. Moreover, the dead flowers will not become a breeding ground for pests or fungi. Some summer shrubs like larkspur, produce flowers a second time in autumn, when they are cut back after the main flowering.

FIRST AID FOR SUNFLOWERS

If your sunflowers did not come through the latest summer storm, the final chapter has not yet been written. With first aid for sunflowers, you can save even turned down stems. Put the fracture in a splint made of bamboo sticks and fix it with duct tape. This way the water supply is guaranteed.

SOW FRESH SEEDS ON VACATED PATCHES

In August the gardening year is almost over. Some vegetables, however, can still be sown without any problems at the now-vacated patches. These include Radishes, Lettuce, Rocket, Winter Onions and Spinach.

DIVIDE SHRUBS

Should the flowering of your shrubs get weaker or should the blossoms get bald inside, it's time to give your summer shrubs a rejuvenating cure by dividing them. August is a good month for dividing spring and summer flowering shrubs. Dig the shrubs out with a spade or a fork and divide the plants into parts. The single parts should be at least as big as a fist. Remove sick and withered root parts as well as bald spots. Planted at suitable locations the shrubs will return in full blossom.

SHOWROOM NOW OPEN

Local Business Corfe Stone Joins UK Leader CED Stone Group

Hooton based firm Corfe Stone has been acquired by CED Stone Group, a leading family-run business with a prominent name in the UK hard landscaping industry. With five other nationwide depots, CED Stone welcomed Corfe Stone to their group as part of their exciting growth initiative.

Corfe Stone has supplied hard landscaping products such as stone paving, gravels, sands and walling to both

commercial and domestic customers in the North West for over 30 years. With an extended showroom displaying their full range of products for customers to view and an 8800 square foot warehouse, Corfe Stone has always held a large presence in the local area. Helping to support other businesses in the area, they regularly refer customers to their list of recommended local contractors to carry out their installation work.

The two companies certainly have a lot of common!

CED Stone Group provides one of the most extensive range of natural stone and hard landscaping products on the market. Fulfilling the needs of an ever-changing industry, they work with a wide range

of customers from architects and contractors to City Councils and RHS Garden Designers. Corfe Stone's existing staff of ten have remained at the heart of the business, bringing with them highly valuable experience, knowledge and customer relationships.

Corfe Stone has continued to trade under its own well-known and respected name, but following on from CED Stone Group's extensive company-wide re-branding, it will be transforming to [CED Stone Landscape North West – Corfe Depot](#).

For further information about CED Stone Group, their extensive product range and their new branding, visit www.cedstone.co.uk

**CELEBRITY, JET LI'S MASTER, MASTER WU BIN
WILL BE HERE AND HE WILL BE HOLDING WORKSHOPS.
THE TIME AND DATE WILL BE ON OUR WEBSITE**

China Spirit UK and Team Shaolin invite you to the 9th Team Shaolin Wushu Open 2018, an international Chinese Martial Arts Championship on the 23rd June 2018 and the Chinese Culture Festival on 24th June 2018 in the **Oval Leisure Centre**.

China Spirit UK is based on the Wirral, in the Northwest of England. It is a not-for-profit organization, a social enterprise, which was founded in 2012. Our organisation was set up by a real Martial Arts Master, Master Xingbo, who trained in the Shaolin Temple, to deliver a range of activities to improve health and well-being to all age groups from children to adults.

Team Shaolin was founded 9 years ago to bring together UK's Chinese Martial Artists. During the first 6 years Team Shaolin went through development stages. It has grown bigger and stronger during the years. Now we feel that we are fully developed and ready for our biggest event yet.

This year it is going to be bigger and better because:

Commandant of the Cheshire Red Cross and became Office-in-Charge here. The establishment, pictured here in 1917, was fitted up by voluntary donations with

the most modern equipment and had its own operating theatre. By February 1918 it reached its peak of 160 beds and the total number of patients treated during the four years the hospital was here amounted to 1,245. It was handed back to the golf club after the war and the course was extended to 18 holes in 1923.

GOLD & SILVER ROADSHOW

Jewellery and Coin Roadshow

A very lucky couple called at one of our recent roadshow events with a couple of old gold chains and a silver charm bracelet and a bag of old silver British coins. We paid them over £1600.00 just for the coins alone. They turned out to be pre 1947 silver coins that were normal currency a few years ago and are now highly collected. We asked them for their permission to pass on this story to help other people realise what they may be sitting on and they were only too pleased to allow us to let everyone know that they might be sitting on a goldmine and not even know it! Like most people, who can only dream of winning the pools or the lottery, a lot of normal households have a hidden treasure of old gold jewellery, silver jewellery, teapots, trophies, trays and old objets d'art. Why not get a free valuation from our expert at our roadshow at:

The Royal Oak and Premier Inn Hotel, High Street, Bromborough, Wirral, CH62 7EZ.

There is no queuing and our expert will give you a one on one appraisal of the value of your treasured possessions in a private area, where there are no prying eyes, watching the process evolve. If you like the valuation our expert will make you the same offer in cash which you can accept or decline at no cost to yourself. The whole process of Valuation is free of charge and very private, so you have nothing to lose and a lot to gain.

WHAT DO YOU HAVE WAITING TO BE DISCOVERED

Many people are totally unaware of the value of unusual and old items that they own and are just hidden away in drawers around the house. Dealers are now paying record high prices for old jewellery and gold and silver objects and collectables. Most unusual gold and silver items are no longer fashionable but there are still collectors who we deal with that will pay record high prices for your old gold and silver jewellery, and items. Wristwatches and old fashioned pocket watches can surprise you with their values and you will be amazed by the amount that is currently being offered for such items. Get looking NOW in your old drawers, cupboards, and jewellery boxes. Look in the attic and the cellar, even old broken or squashed items of jewellery and silver are valuable and worth having appraised at these free roadshows. Bullion Investments & Acquisitions are having such a roadshow at The Royal Oak and Premier Inn Hotel, High Street, Bromborough, CH62 7EZ. They will be offering a free valuation service and they will make you an instant CASH offer to buy your old jewellery, gold and silver or any old silver or coins that you may have.

Things that you should look for and bring to our roadshows are absolutely anything that looks like jewellery, whether it is yellow gold, silver or platinum. Any old British or foreign coins. Any old wrist watches or pocket watches. All chains, bracelets, rings and bangles broken or not and in any condition. If you think it is a diamond ring, bring it along and we will confirm it to be genuine. If you have an old trophy or tankard or any silver coloured items, let us value them for you.

COIN COLLECTIONS URGENTLY WANTED

Old war medals and old Masonic medals can be very valuable. SNAP UP 'QUALITY BYGONES' AT HOYLAKE COFFEE MORNING

Two new specialist stalls plus lively attractions for children will be among the enticements at a coffee morning at St Hildeburgh's Church Centre, Hoylake, on **Saturday, June 2, from 10.30am-12noon.**

The new **QUALITY BYGONES** stall will offer all kinds of vintage valuables – decorative china and glass, genuine curios and collectibles of many kinds. The stall-holder will be Gary Challinor, former proprietor of Mansell's Antiques in Hoylake.

There will also be a new **PLANTS AND GARDENS** stall selling flower, vegetable and herb plants, tools and various horticultural aids. The stall-holder will be another expert in his field, Peter Surridge, gardening writer and broadcaster.

Both Gary and Peter will be available to answer customers' questions about antiques and horticulture respectively.

The fun-and-friendly coffee morning will be made even livelier by a display of paintings by Hoylake Holy Trinity Primary School children.

The event will also feature homemade cakes, jams and preserves, toiletries and gifts, face-painting for children (of any age!), a prize draw and many other attractions. Admission will cost £2, to include unlimited tea, coffee and biscuits. Accompanied kids go free.

St Hildeburgh's is on the corner of The King's Gap and Stanley Road, opposite the Green Lodge.

Money raised by the coffee morning will help pay for flowers for the church Guild's spectacular floral arrangements at Harvest, Christmas and Easter.

New research reveals nature's beauty increases happiness

For the month of June, Cheshire Wildlife Trust is inspiring people to take the time to celebrate nature each day – through the national 30 Days Wild campaign. Research carried out over recent years of the campaign has proved that noticing natural beauty makes people happier and want to care for it.

"Signing up to the challenge is now open," said Charlotte Harris, Chief Executive Officer at Cheshire Wildlife Trust. "We'd love everyone in our region to give this a go. The challenges can be as simple or as complicated as someone wants to get – from appreciating a flower they pass on the way to work, or eating lunch outside and listening to bird song, through to learning how to identify wildflowers or insects. No matter how small the action, it all counts!"

Once people sign-up they will be sent a free pack containing a booklet of inspirational ideas for Random Acts of Wildness, wildflower seeded paper to sow, a wall chart to record their activities and wild stickers. There are special packs for schools with outdoor lesson plans and giant Random Acts of Wildness cards and businesses can join in too, with tailored packs to download which will bring the 'wild' to the work place.

Academics at the University of Derby who have monitored the challenge since it began in 2015 have discovered that spending time in nature makes us feel good. 30 Days Wild encourages people to notice nature on their doorsteps every single day and gives them a multitude of exciting and fun ways of doing it.

Dr Miles Richardson, Director of Psychology, University of Derby explained: "Over the past three years we've repeatedly found that taking part in 30 Days Wild improves health and happiness. We respond to beauty - it restores us and balances our emotions. This, in turn, encourages people to do more to help wildlife and take action for nature."

The latest set of results from the study of 30 Days Wild also confirms that the benefits of the challenge last well after the month has ended. There are indications that the beneficial impact of taking part could last an entire year.

This year's theme is all about helping wildlife in neighbourhoods and the pack has inspiring ideas for sharing the challenge locally including creating hedgehog holes in fences, putting up bird and bat boxes and carrying out litter picks.

As part of the campaign, Cheshire Wildlife Trust will be hosting a fun day out at Marbury Country Park on Sunday 17th June, where people can take part in a variety of wildlife-themed activities. The Trust will also be celebrating the campaign on their social media - encouraging everyone to share their activities and what they love about wildlife.

ROTARIANS AWARDED FOR THEIR SERVICE BOTH TO THEIR COMMUNITIES AND CLUB

The award in Memory of Sam Larmour, a Past President of Birkenhead Rotary Club, has been presented to Rotarian Peter Davis OBE, who has worked for a number of years in support of youth projects. Peter is pictured right with Club President Tom Meade and Sam's widow Elizabeth Larmour, who attended a meeting to assist with the presentation.

The Club's Honorary Secretary Rotarian Cath Hayes is pictured with President Tom receiving the Dave Faulkner Award. This is presented annually in memory of Past President Dave, who, whilst always bringing fun and fellowship at Club events and meetings, also contributed many hours supporting all the Club's projects. Which is exactly what Cath Hayes has contributed over a number of years in her role, in fact members all look forward to her many amusing comments that brighten their day.

The third presentation was the John Pyke award, which went for the second time to Rotarian Simon Tomlinson for the tremendous contribution he makes for the annual sleigh community visits and collections. President Tom also praised the support that Sue Tomlinson has made throughout the year.

"...Come and join us, never before have we had a challenge like this one. Please be part of this success story. Help us reach our £1 Million goal"
Chris Boardman MBE
(Patron, Wirral Bikeathon)

For more information and to register visit
www.wirralbikeathon.com

Our great local cycling legend, Chris Boardman, has been our patron and a huge supporter of the event over these many years together with members of his family. The ride is a figure of eight loop around the Wirral with start, midpoint and finish in Arrowe Country Park. It takes in north Wirral through Caldy and the Wirral Way to West Kirby and Moreton. The second section goes from the park to Thornton Hough, Storeton and Landican. There is musical entertainment in the park with hot and cold refreshments and light refreshments at two checkpoints on the route which is 28 miles in all but for those wanting a shorter ride a section of only 14 miles is possible. Each participant gets a T-shirt and a medal is presented at the end of the ride.

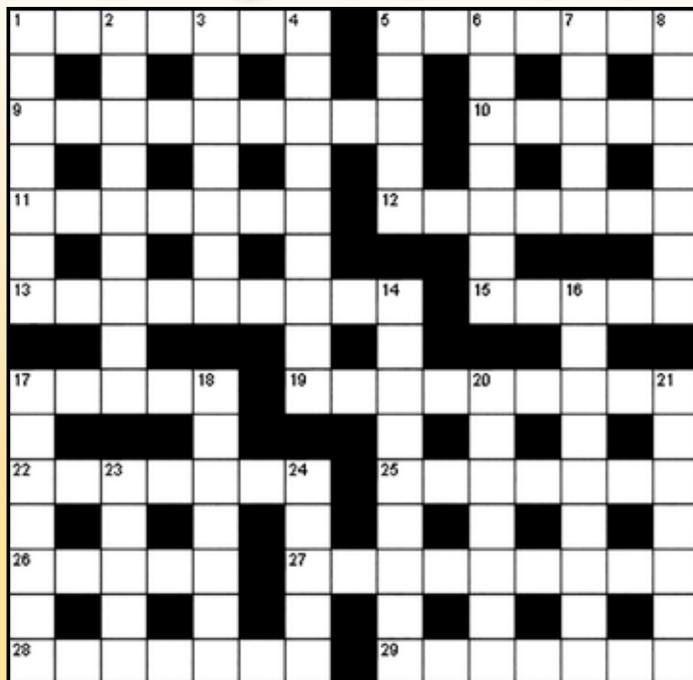

More than ever this year we are relying on your support to help us reach our target of £1 million for the charity Bloodwise. Since we started the event in 1999 you have helped us raise the magnificent sum of £920,000.

Cyclists can sign up online from 1 March 2018 at www.wirralbikeathon.com or download an entry form. The entrance fee for adults is £15.00 (£25.00 on the day) and for those aged 15 & under it is £5.00 (£5.00 on the day). All those taking part on the day are entered in a draw to win a Boardman Bike generously donated by Chris.

WIRRAL CARE HOME OPENS IT DOORS TO MARK NATIONAL CARE HOME DAY

A Wirral care home opened its doors to the public for celebrations to mark a national open day focused on creating community relationships.

The Hazelwell, a residential, nursing, palliative and respite care home in Heswall, joined thousands of other care homes around the UK taking part in Care Home Open Day in April.

The 55-bed care home opened in July, 2016 and has been rated as 'good' by the Care Quality Commission, the independent regulator of health and social services in England.

The idea behind Care Home Open Day, now in its sixth year, is to encourage local people to visit care homes in the community and work together to build long lasting relationships.

The suggested theme in 2018 for Care Home Open Day was 'linking communities' so The Hazelwell is inviting the general public to visit

the home for a special buffet lunch. Visitors also got the chance to meet new care home manager Kathryn McGuiness.

Kathryn said: "As the new care home manager of The Hazelwell, it was wonderful meeting members of the community from Heswall for this special Care Home Open Day.

"These are exactly the type of events we want to be involved in as a home as they are fantastic for building relationships with the local community and bringing generations together.

"Our residents really enjoyed it and there was a real buzz around the home about it. It was certainly Care Home Open Day a day to remember."
