CUSTOMER RECOMMENDATIONS

Farrar - Greasby

"Both Alison and I would like you to pass on our thanks and best wishes to all of those involved at Elliott Build & Glaze Ltd in this project, as they have been very attentive and professional, as well as personable, throughout the project."

Forshaw/Murray - Bebington

We are very happy with all the work and the high standard that was attained.

O'Mally - Meols

"Scott and the team certainly gave us best in class service whilst they worked on our extension, kitchen and bathrooms. They kept us informed all the way and worked around our diaries to deliver the programme on time. We highly recommend them to anyone.

Big Enough To Manage — Small Enough To Care

Dear Residents

At Sherlock Estate Management we specialise in the day to day running of apartment blocks, large and small both locally and throughout the region. We are a friendly company and have been established since 1986 in the centre of Liscard, which is located in Wallasey, Wirral.

We are pleased to have an opportunity to offer you our services as estate managers. We do appreciate considering a management company can be a delicate decision but we can assure you that we are **100%** confident that we can help you. With this in mind we would be more than happy to call and see you, or you are more than welcome to visit us here at our office. Our time is your time.

We feel residential management requires a personalised approach and given the opportunity, we will endeavour to familiarise ourselves with you and your property and match our service to your requirements, this is something we pride ourselves on.

The items below illustrate a number of day to day tasks that we can administer on your behalf:

- Service Charge Collection*
- Legal Matters*
- General cleaning*
- Gardening*
- Window Cleaning*
- Decorating*
- Maintenance*
- Insurance Policies*
- Annual accounts*
- Neighbourly issues*

We can arrange new or retain existing contractors and can help with as much or as little as you need.

THIS MONTH'S HISTORY

This feature each month will give interesting facts from years gone by. See what you remember that happened in your lifetime.

THIS DAY IN HISTORY FOR THE MONTH OF SEPTEMBER

2nd September 1666

In the early morning hours, the Great Fire of London broke out in the house of King Charles II's baker on Pudding Lane near London Bridge.

It had been a hot, dry summer, and a strong wind further encouraged the flames. As the conflagration grew, city

authorities struggled to tear down buildings and create a firebreak, but the flames repeatedly overtook them before they could complete their work. People fled into the Thames River dragging their possessions, and the homeless took refuge in the hills on the outskirts of London. Light from the Great Fire could be seen 30 miles away.

On September 5, the fire slackened, and on September 6 it was brought under control. That evening, flames again burst forth in the Temple (the legal district), but the explosion of buildings with gunpowder extinguished the flames.

4th September 1964

The Forth Road Bridge opened. The suspension bridge is in east central Scotland and, at the time, was the longest suspension bridge in the world outside the United States. The bridge spans the Firth of Forth, connecting Edinburgh, at South Queensferry, to Fife, at North Queensferry. It replaced a centuries-old ferry service to carry vehicular traffic, cyclists and pedestrians across the Forth.

13th September 1902

Harry Jackson becomes the first person in Britain to be convicted on fingerprint evidence.

On 27 June 1902 a burglary occurred in a house in Denmark Hill, London, and some billiard balls were stolen.

The investigating officer noticed a number of fingerprints on a freshly painted windowsill, apparently where the burglar made his entry. He immediately called the Metropolitan Police Fingerprint Bureau, and Detective-Sergeant Charles Stockley Collins went to the scene. He examined

the marks and decided that the left thumb made the clearest impression. After satisfying himself that the marks had not been left by any member of the household, Collins took a photograph of it.

Collins and his colleagues made a search of their files for known criminals with a similar print pattern. The files revealed that the fingerprints belonged to a 41-year-old labourer, Harry Jackson, who had recently served a prison term for burglary. He was arrested, and for safety's sake, fingerprinted again. This new set was compared to the prints photographed from the crime scene and again they matched.

24th September 1975

The first Britons conquered Everest. Dougal Haston and Doug Scott became the first Britons to reach the summit of the world's highest mountain.

The men arrived at the top of Mount Everest via the previously unclimbed south-west face, 33 days after establishing their base camp.

The team succeeded on a difficult direct route which had repulsed five other attempts and set a record for the fastest time up the peak.

Expedition leader Chris Bonington reported the pair had reached the 29,028ft (8,848m) summit safely and were now on their way down the mountain.

LIVERPOOL TO LIGHT UP THE NIGHT FOR CANCER RESEARCH UK

PEOPLE across Merseyside are being urged to join an illuminating night-time walking event for Cancer Research UK.

The charity's Shine Night Walk, which is returning to Liverpool, will take place on Friday 10 September.

Entries are open now for the 10k event where participants can raise funds for the area of life-saving research closest to their hearts. Walkers can choose to support different areas of scientific research including prostate cancer, testicular cancer, breast cancer, lung cancer, brain cancer, children's cancers and leukaemia. Or they can simply give their backing to Cancer Research UK's overall work as the charity fights back from the impact of the pandemic.

The Shine Night Walk starts at Pier Head at 7.20pm and participants will take to the city streets in a fun and inspirational parade of light. The route will pass landmarks such as the Liver Building and St George's Hall.

In 2021 Liverpool is one of 18 locations across the UK selected to host the Shine Night Walk series, in partnership with online fundraising platform Omaze.

Siobhan Byrne, Cancer Research UK spokesperson for Merseyside, said: "We're delighted to bring Cancer Research UK's Shine Night Walk back to Liverpool. All Shine Night Walk events across the UK were cancelled last year to protect the country's health during the COVID-19 pandemic. So this year, more than ever, we need people to support. We hope people across the city will unite behind this special event and make it a night to remember. This is no ordinary night out. It's a night to walk together, for the millions of people affected by cancer. **It's a night to celebrate, feel proud and light up the city streets.**

It's a night to raise money for life-saving research and bring hope to people affected by the disease. One in two of us will get cancer in our lifetime. But, all of us can support the research that will beat it."

This year, participants will set off on the Shine Night Walk route either alone or in small, socially distanced groups. Hand sanitiser will be provided and people will be encouraged to use it before and after the event.” Siobhan added: “We’ll ask participants to respect social distancing before, during and after the event.

“It may be that Shine Night Walk looks a little different this year, but we are working proactively with our venues and suppliers to deliver a great experience on site. Participants can choose to complete the course at their own speed, from a leisurely stroll to a lively stride to a full-on power walk passing the city’s well-loved landmarks.

“The battle against cancer never stops. Every year, around 42,300 people are diagnosed with the disease in the North West.** Shine Night Walk is a special opportunity for people to come together to remember loved ones lost to cancer or celebrate the lives of those dear to them who have survived.”

Thanks to the generosity of its supporters, Cancer Research UK’s work into the prevention, diagnosis and treatment of cancer has been at the heart of the progress that has seen survival in the UK double in the last 40 years.

The charity was able to spend over £33 million in the North West last year on some of the UK’s leading scientific and clinical research. And money raised through Shine Night Walk Liverpool is crucial to the pioneering work of doctors, nurses and scientists who are fighting cancer on all fronts.

People can also show their support by volunteering on the night or visiting the event’s online shop to buy kit including a hoodie and glow sticks, as well as glow face paint sticks and flashing tiaras.

If any Shine Night Walk events are cancelled, people will be entitled to a refund of their entry free or can choose to donate the fee to help fund Cancer Research UK’s life-saving work.

Are You Looking for a New Challenge?

Would you like to become a Trustee of Shaftesbury Youth Club?

Shaftesbury Youth Club is a small local charity based next to Tranmere Rovers Football Club. It is the second oldest youth club in the country dating back to 1886. The Club provides a wide range of activities for young people aged 5 to 18 years, including dance, art, martial arts and football. It is also becoming a community hub with coffee mornings, keep fit and the recent opening of our social supermarket.

We are about to enter into a new and exciting phase that will see the redevelopment of the site. A new partnership will hopefully see the planned provision of a full size 3G artificial pitch and the redevelopment of our existing changing rooms. In total this will cost approximately £1.0m.

These are challenging times for all small businesses and the Club must diversify in order to survive for another 135 years. New ideas are needed and a fresh approach is what we are looking for. We need people with a wide range of skills to help take this work and other ideas forward, however, the overriding objective must be an interest in helping young people develop their potential.

If you are interested in becoming a Trustee and would like some more information then please call Barry Eaton our Chairman or Janice Monty our CEO on 0151 608 7165 to discuss your interest.

HAVE YOU BEEN THE VICTIM OF MEDICAL NEGLIGENCE?

We all put our trust in the medical judgement and information we are given by qualified health professionals and practitioners, but sometimes their advice or treatment can result in things going wrong.

There are many points from the first doctor's appointment to treatment options where errors can be made, and unfortunately these cases are on the rise.

Our Solicitors specialise in all areas of medical negligence including:

- Brain Injuries
- Anaesthesia related complications
- Cancer Misdiagnosis
- Failure to treat Diabetes
- MRSA Negligence Claims
- Orthopaedic Injuries
- Child Injuries
- Birth Defects
- Misdiagnosis of Fractures
- Spinal and Neck Injuries

The Rotary Club of Birkenhead

Telephone Club Secretary on
0151 336 7528

WELCOME BACK

The smiling faces say it all! Birkenhead's Rotarians and many guests were delighted to gather together for their first meeting in person for over 18 months.

The Club has continued to fundraise during the various lockdowns and the image and article below reflects the importance of these activities, with support also being provided to local Birkenhead groups.

Pictured above from the left is the Club's new President Graham Connolly, Past President Cath Hayes, President Elect Lionel Bolland and Vice President Barbara Sinclair.

HOPE HOME, THAILAND

Another image that reflects happiness, was taken in Hope Home, Chiang Mai, Thailand, which is a centre for orphan children, including those with disabilities. A Birkenhead Rotarian's daughter spent a year working in the home in 2018 and this has provided an important future link, ensuring that any funds donated go to an amazing home.

£400 has recently been donated by the Club's International Committee, which in Thailand goes a long way. It is reported back that

it will be used for medical equipment, such as suction tubes, saline and oxygen supplies, as well as feeding tubes for some children who cannot swallow foods and are fed directly into the stomach.

BIRKENHEAD REFLECTIONS by Ian Collard

In Birkenhead Reflections, local author Ian Collard has brought together a fascinating collection of historic and modern pictures that are individually merged to reveal how the town has changed over the decades. Each of the 180 pictures combines a recent colour view with the matching archive scene.

Through the merged-image effect, readers can see how streets, buildings, industries, the port and aspects of everyday life have transformed with the passing of time. This evocative visual chronicle, which ingeniously reflects Birkenhead past and present, will appeal to residents and everyone with links to the town.
